to the places of your
choice!**

OdraTravel has been on the market since 1997. It was established as a subsidiary of Anna Tours operating on the incoming tourist market since 1990. Now, our company is entirely a family enterprise based on experience of the mother company.

Odra Travel is a travel agency operating as a tour operator. We organize tours in Poland as well as in Europe for schools, companies; round trips and incentives. We cooperate with travel offices, sea agencies, schools and sport clubs on the European market.

The bus rental is a well developed area in our company. We provide highest quality coach tours. In our region we are one of leaders in the passenger coach transportation. Many years of experience and modern vehicle fleet that includes coaches, vans, and personal cars makes it possible for us to meet the highest requirements.
